Adding New Parent/Guest Accounts

Navigation: Log in to TrueYou (http://trueyou.nebraska.edu) with NUID and TrueYou password.
Adding New Parent/Guest Accounts

Click New and Fill out the fields on the screen and indicate what access the guest should be granted by checking the appropriate box(es) below. The parent/guest’s NUID will be the student’s NUID followed by a “G1 – G5”. Click Save.

The email address shown here is the email address for the student in TrueYou. Note: If this email address is incorrect, the student will need to contact their Admissions Office or Helpdesk to have it changed. Click OK.
Adding New Parent/Guest Accounts

The Manage Parent/Guest Access page is displayed showing all of the parent/guest accounts that have been created.

Up to five parent/guest accounts can be created. If five parent/guest accounts already exist, one must be deleted before a new one can be created.

The parent/guest can now use the “G” NUID and student-created password to log onto the campus student information portal and access the data as authorized by the student.

Manage Parent/Guest Accounts – Change Access, Change Password, Delete Account

Each student is responsible for managing all aspects of their parent/guest accounts, including changing access, changing passwords and deleting unnecessary accounts. NO ONE else will be able to view or access these accounts.

For any further questions or help please contact the UNO Registrar's Office unoregistrar@unomaha.edu, 402-554-2314.
